The rapid development of the university, and in line with the Belt and Road Initiative, as well as the accelerated development of the Greater Bay Area, the university attaches more importance to the cultivation of local talents. To be in line with the development of the university, **the School of Liberal Arts** was officially established in March 2020. Liberal Arts education is a reform of the traditional higher education training model, which has become the consensus of the current global higher education. Its goal is to train students not only in having a broad knowledge base, an interdisciplinary vision, the ability to analyze and solve problems with a clear career development field and direction, but most importantly, with a sound personality and noble morale. In the era of globalization, liberal arts education pays more attention to the cultivation of first-rate talents with cross-cultural communication and cooperation skills, an innovative consciousness, and deftness towards lifelong learning.

The SLA will continue to provide professional degree courses for students, there will be more diverse professional diploma certificates and Bachelor's degree programs in the future. Our school will strengthen cooperation with other academic units on our campus and actively enhance cooperation with internationally renowned institutions to create more opportunities for students to participate in international exchange programs. The School has launched the Bachelor of Commerce Degree Program and the Bachelor of Hospitality Management Degree Program, the School has signed a cooperation agreement with the University of Reading which let students to have the opportunity to complete two Bachelor's degrees in four years. Both programs are opened to local, mainland and international students. Over the past decade, thousands of students were graduated from the SLA, we aim to improve the competitiveness of the Macao labor population, broaden students' horizons and promote the upward mobility of working people, to create development prospects for Macau citizens.
