

## **Wang Jing-Rong**

Position:	Assistant Professor Assistant Director of Macau Institute for Applied Research in Medicine and Health
Faculty:	State Key Laboratory for Quality Research in Chinese Medicine, Macau Institute for Applied Research in Medicine and Health
Email Address:	jrwang@must.edu.mo
Telephone:	(853) 8897 2404
Fax No.:	(853) 2882 5886
Mailing Address:	Room H718d, Block H, Macau University of Science and Technology, Avenida Wai Long, Taipa, Macau

Dr. Wang Jing-Rong obtained her PhD from Hong Kong Baptist University in 2007. Her Ph.D dissertation focused on phytochemical and pharmacological studies of the root of *Ilex pubescens*, stem from which two USA patents have been granted. During the PhD study, she went to University of Houston and worked on drug metabolism and transport as a visiting research scholar. After graduation she completed two years postdoctoral trainings at Hong Kong Baptist University and was appointed as Research Assistant Professor thereafter. In September 2011, she joined State Key Laboratory of Quality Research in Chinese Medicine (Macau University of Science and Technology) and Macau Institute for Applied Research in Medicine and Health as an Assistant Professor. In July 2013, she was appointed as the Assistant Director of Macau Institute for Applied Research in Medicine and Health.

Over the past years, Dr. Wang has devoted to the research of chemistry, analysis and quality control methodology as well as metabolism of traditional Chinese medicines represented by ginseng. With years of research experiences, Dr. Wang has published more than 30 research papers in scientific journals and edited chapters of two phytochemical monographs as associate editor and editorial board member. Recently her research interest is on the study of anticancer natural products and application of LC-MS in the lipidomic and glycomic studies. She especially focused on the

establishment of improved analysis platforms for analyzing sphingolipidome and N-glycans in various biological samples by using multiple mass spectrometries. The results have been published on *Analytical Chemistry*, *Scientific Reports* and *Molecular BioSystems* etc. Recently she is focusing on and application of these platforms in TCM research. Her researches were supported by Macao Science and Technology Development Fund and National Natural Science Foundation of China.

### ***Teaching and Research Areas***

Teaching Subjects: Pharmacokinetics of Chinese Materia Medica; Selected Topics of Chemistry of Chinese Materia Medica; Advances in Chinese Medicine Pharmaceutic; Chemistry of Traditional Chinese Medicines

Research Areas: Natural Products Chemistry, Metabolomics, Chemical Analysis of Chinese Herbs and Pharmacokinetics of Traditional Chinese Medicines

### ***Academic Qualifications***

- 2008. 11 Ph. D. Hong Kong Baptist University
- 1997. 6 M. Sc. China Pharmaceutical University
- 1994. 7 B. En. China Pharmaceutical University

### ***Teaching Experience***

- 2011.9 -Present Assistant Professor, Macau University of Science and Technology
- 2011.1 - 2011.8 Research Assistant Professor, School of Chinese Medicine, Hong Kong Baptist University
- 2008.1 - 2011.1-

Baptist University

1997.7 - 2004.4      Research Associate/Lecture, School of Chinese Medicine, China  
Pharmaceutical University

## **Books**

- 1) **J.-R. Wang** (Associate Editor). In L. He & Z.-H. Jiang (Editor) Resources Chemistry of Natural Products ( ). Science Press, Beijing, 2008.
- 2) **J.-R. Wang** (Editorial board member). In R. H. Zhou (Editor) Plant Chemotaxonomy ( ). Shanghai Science and Technology Press, 2005.

## ***Memberships of Academic Associations and Community Service***

- 1) Hong Kong Society of Mass Spectrometry
- 2) Inaugural Conference of the Specialty Committee on Immunology of Traditional Chinese Medicine of the World Federation of Chinese Medicine Societies (Executive member of the council)

## **Awards**

- 1) Outstanding Achievement Award for the Research of Higher School-First Class Award of Natural Science (2014, Ministry of Education of the People's Republic of China)
- 2) Macao Science and Technology Awards - Second Class Award of Natural Science (2014)
- 3) Lishizhen Medicinal and Pharmaceutical Innovation Award (2012)
- 4) "The Best Thesis" and "The Excellent Poster" award in the First Macao Forum on Chinese Medicine in 2009, University of Macao
