

1. Teaching subjects: *Pharmaceutical Analysis, Pharmaceutical Analysis Lab, Analytical Chemistry, Analytical Chemistry Lab, Pharmaceutics Fundamental Chemistry Lab, Instrumental Analysis, Modern Biotechnology.*
2. In terms of undergraduate and postgraduate education, He feed scientific research back to teaching, Centering on the core issues of scientific research practice, conduct in-depth exchanges and communication with students in terms of experimental technology, experimental methods, experimental procedures, data processing, etc., encourage students to read more, think more, and practice more, starting from the practical perspective of solving problems, be bold Innovate, express opinions, and improve students' comprehensive literacy in an all-round way, thus playing the role of instructing study and research.
3. In terms of postgraduate training, he has rich experience and made some achievements. Up to now, 4 of 9 graduated postgraduates, Dr. Xiqing Bian, Dr. Meixian Liu, Dr. Shengshuang Chen and Miss Wanyi Gu, won the

Macao.
