

Following a B.Eng. degree in Resource Prospecting Engineering at Henan Polytechnic University (HPU, 2016), I studied for a Postgraduate degree at China University of Geosciences (Wuhan) and participated in a Regional Geological Survey Project led by Prof. Qirong Wei.

In 2019, I got M.Eng. degree at China University of Geosciences (Wuhan) and began my works in Guangzhou Institute of Building Science.

In 2021, I finished my phased
